

Captain Fred Swastek

I have been boating since a teenager and a licensed Captain for 5 years. I currently own a 27 ft. Stiletto Catamaran. My fun job is teaching the Master Captains class and being co-owner of USMA Chicago "The Benchmark in Captains Training". I am also available for private lessons in sailing and driving power boats. Need a Captain for the day? I'm your man. You can relax and entertain while I take care of your boat.
